

**FEEDBACK FROM SAFEGUARDING LEVEL 2  
HELD VIRTUALLY ON 1 JUNE 2020**

*Hi Jill*

*Thanks so much for putting on the course on Monday night. Really enjoyed it. Sorry I was a little late!!*

*I thought the breakout rooms were fantastic and really enjoyed that. Good to chat to people and to get their perspective and opinions on things.*

*I also think it's great that you send copies of the workshop in the email after. You could maybe try sending a brief overview of topics before the course starts so your clients can look over them and know what to expect.*

*I would definitely be interested in keeping in touch and hearing about more courses available.*

*Thanks again and stay safe*

<b>Very good, my first experience of Zoom and Jill made it feel like we were in the classroom. The content and delivery, what just what I needed/expected.</b>
<b>Yes, very good, obviously very experienced trainer.</b>
<b>Handouts were very useful.</b>
<b>Especially the bit about how to set up/use Zoom!</b>
<b>I was absolutely brilliant, I was very comfortable in my office/snug. The chair was comfy and the break time refreshments were excellent 😊😊</b>

Hi Jill

Thanks for last night I found it very useful, and good to hear what other organisations are doing, certainly something I can use to improve my safe space training within Girlguiding.

Not sure anything could be improved, people technical abilities vary, but as we all get used to this way of learn we can share our tips and how to use 'zoom', a little bit off putting the gentleman who bounced in his chair as he kept going blurred, but I just focused on someone else, by the end of the evening he was sitting still!

Did like the opportunity to talk to others both within the session and in the breakout room.

See you later, and thanks once again.

Kind regards.
