Feedback on New Model of Delivery

The course was very good, delivered very well so we can understand easily
Excellent course which would have completely lost momentum if split
Very muych appreciated having the course done in one day (much easier to get into the diary) and it worked well
All in one day makes immense sense - enables connections to remain fresh
It makes complete sense to do it all in a day. It's not that long and saves needing to commit time over several weeks
Very good. Nice to do it in one day with one hour lunch as space to reflect on course content
Apologies for being late with coursework. Christian and personal matters intervened
Can you put a word count on the screens - session 1+2?
Happy with the one day in person delivery. Prefer in-person courses rather than Zoom training
Thoroughly enjoyed and appreciated. A day course is very valuable and time well spent
This really helped to meet in person and share our thoughts
This course has given me a lot of food for thought
Keep it going - the face to face made the discussions much sparkier than online and it didn't feel rushed or too full of content
Having the study day for one day was very helpful and satisfactory
One day course is great - lots of information and great trainers
Satisfactory model of delivery
Good to accomplish this part in a day
Great training - great trainers
It was easy to digest, learn and listen to and engage with. Readily fitted (the content) into this one day format
Much better to do it all in one day rather than in 2 separate sessions - thank you excellent
