I felt it very useful to be able to complete it when I could espeially being in early years and having very little time to do it
I found it easier to understand and retain the information. It was a lot easier being able to access it when I wanted
Enjoyed this approach, e-learning very easy to follow and navigate through modules.
Really enjoyed the style of training, more flexible for Childminders
Liked it better than doing Zoom
Helpful to have the option of the online learning and one day face to face session as easier to fit in with work/home life
Found it easier split into two
The online part, very good - I did mine over 2 days. It was good to be able to fit in around home life.
I really enjoyed my First aid training, the trainer was excellent
