Was very informative and hard hitting.
Great session
I think it might have been helpful to have had access to the slides or some of the links either during or after the session. Even if not all of them so that we can follow up and read more about the topics.

It was good to have the discussions and scenarios to talk through. It may have been helpful to have watched some of the videos that are available on the topics covered too. It was interactive and the assignment was something that was clear and a sensible assessment tool which was not too onerous too.
This was really helpful and the break out rooms were great to get other opinions.
Sorry about the lack of video. But you added me quickly each time
